

Syed Ali Haider

✉ syed.ali.haider.gr@dartmouth.edu 📍 New York City, NY / Hanover, NH 🗣 s-haider10 🌐 haider-tech

Experience

Intellia AI , Machine Learning Engineer Intern Owned the design and deployment of an end-to-end agentic AI platform for automated research and technical due diligence. - Built production RAG pipelines using LangChain, Pinecone, and FastAPI - Reduced research turnaround from ~1 week to under 5 minutes - Deployed containerized ML services on GCP with Docker and CI/CD - Implemented evaluation and safety checks aligned with Responsible AI	Remote May 2025 – Sept 2025 5 months
Khudi Ventures (Dil Ka Rishta) , Machine Learning Engineer Intern (Recommender Systems) Built large-scale personalization and matchmaking systems. - Designed matching algorithms over 1M+ user profiles using graph models - Applied reinforcement learning with sentiment-based reward modeling - Achieved ~30% increase in user engagement via A/B testing	Remote June 2024 – Sept 2024 4 months

Startups & Products

NEVA (Navigating Education Via AI) , Co-Founder / Lead ML Engineer AI-native educational platform for contextual, multimodal learning. - Full-stack system using Next.js, FastAPI, Docker - Agentic RAG with confidence-aware multi-LLM routing 80+ active university users	Nov 2024 – present
DEXA , Creator Natural-language-driven data analysis agent. - Created DataExplainBench benchmark - Improved code generation success from 88% to 99.3%	Feb 2025 – May 2025

Research

SEHAS Lab, Dartmouth College , Researcher Research on alignment and interpretability of learning systems. - Reinforcement learning for policy alignment - Mechanistic interpretability of learned representations	Dec 2025 – present
NYU MAPS Lab , Researcher Multimodal personalization and retrieval-augmented generation. - Audio-visual sentiment modeling - Knowledge-aware retrieval pipelines	Oct 2024 – present
New York University , Undergraduate Researcher (DURF) Vision-language modeling research. - BLIP-VQA fine-tuning with LoRA - MAE-BERT cross-attention architecture +2.37% accuracy on COCO VQA	May 2024 – Aug 2024

Education

Dartmouth College , Computer Science	Hanover, NH, USA Sept 2025 – June 2027
New York University , Computer Science	New York, NY / Shanghai, China Aug 2021 – May 2025
